

Community affairs -Delhi meet 21 Sept 2025

Abbas Muljani

Background

We have a collective responsibility for:

- a) **Economic and spiritual enhancement of the shia community in India AND**
- b) **To introduce and strengthen the wilayat of Imam Ali(as) and the immaculate Ahlulbayt(as) to those unaware.**

There could be 8 mn shia children, (say 40% of 20 mn population estimated) many of whom are in the Financially weak class and have almost no access to any kind of academic school or diniyat madressa .***The Future of their Deen and Duniya both are at stake***

Technology has the power to Reach out , Provide information, Access and scale up at low costs.

Community touch points are Masjids/Imambargahs, Channel WIN and Tanzeemul Makatib (1200+ madaris reaching 50,000+ children)

Combining Technology / Screens and our talents, with the touch points, this vital need can be partly fulfilled.
