

We aim to **HELP Aid Institutions**

Who support Deserving-Needy Momins in India

- To facilitate recordkeeping/compliance
- build trust with donor and needy,
- achieve Higher Aid delivery with ease

Donors want

- Visibility for; Appropriate Need assessment & Use/benefit of funds provided

Aid Institutions want

- Higher Funding from donors
- Eligibility Verification by trusted verifiers
- Easy Recordkeeping of all transactions at detail needy level, to fulfill donor & Compliance requirements

Needy want

- Easy method to seek aid & provide information
- Kept informed of Aid possibility
- Receive the Aid quickly direct or to the designated institutions

Vision: More and Easier Aid for All Momineen- AidMomin.com

Background

There are Aid institutions in India who provide aid to pay part school fees, Ration , Marriage Medical etc but this is accessible by very few and is unknown to the many poverties stricken families in the towns and villages.

On the other hand, there are many willing single donors in India and Aid Institutions particularly overseas who want to help, but are constrained by inability to get due

diligence /reporting /compliance effectively done and not having a channel to route the aid.

Technology bridges this gap between donor and needy

AidMomin.com Virtual institution initiative

AidMomin.com can be a virtual institution tool to facilitate this process not affiliated to anyone.

Process

Volunteers India wide or needy themselves can collect/enter the data (with consent to use in the portal) necessary to validate the cases including Aadhar card and previous academic performance etc.

The list and individual forms (with attachments) become available in pdf and can be provided/visible on Portal / WA / email to a select persons

This data is available to view along with the supporting documents username and Password can be provided upon request to selected persons, however the data needs protection for obvious reasons.

The student data is tagged as FF- fully funded, PF -Partly funded and NF- Not Funded, to be transparent as and when any funding commitment /payment is received.

The Intention is to circulate data to potential donors and broad base the same within India to then help the deserving momeeneen

The donor institution or individual can pick up the pending cases and pay the amounts to the respective bank accounts and portal gets updated with this

Payment can be made directly to the needy/school bank a/c, which is available in the data with a notification to Portal

Payment for individual cases / direct to school can also be made from overseas but bulk Payment from outside India requires FCRA and an arrangement can be worked out with an existing institution listed on AidMomin.com

The Payment evidence will then be attached to the student record in database for the donor to view the same.

It is hoped that this will be able to reach out to a large number of needy and deserving students and simultaneously reach out to a large donor database, upon instilling confidence of evidenced end use for deserving cases only.

Analytical reports can also be provided easily from the portal to Institutional donors for reporting and any compliance.

QaimAid.com Platform and Process for Enhanced Aid delivery by Momin Institutions

1.APPLICATION Form entered by Needy

Needy/Student becomes aware from this 'Reach out ' through facilitators /WIN Marketing and fills in application online from phone (either himself or takes help to do so) to a selected Institution or all institutions. Can also in advance download form (eg Education Forms link)

Each Aid Organisation can have own form for the type of Aid sought,

2. VERIFICATION by registered verifiers

Needy can upload own verification of local reference 'verifier' with application. By attaching a picture. Al Imaan (Tanzeem?) already has a list of 250 + verifiers located all over India entered in the database. Institutions may use same if permitted by Allmaan or enter their own verifiers.

The Institution **allocates the form received to one of its verifiers**

Verifier provides reference on line or on uploaded form confidentially.

3. Institution Approval & Listing for donor

Verified Form is seen by Institutions validator who scrutinizes checks eligibility and calls local verifier person and/or applicant if necessary & validates genuineness eligibility & clears it for inclusion in their own Needy database of "Awaiting Aid"

Institutions periodically **makes appeal** (Appeal Format) to donors clubbing Applications, classifying if Huqooq funds eligibility, and provide password to their own donors to view all /select Needy cases listed in their database.

4. Funding Aid & Payment

Donor can view cases & select cases for funding & remit amount to Institutions designated bank a/c.

Upon receipt of funding, Institution coordinates with Needy & makes payment direct to School /College /Medical Institution etc. & **uploads evidence in database**. This is made visible to Needy & Donor

5. DATABASES

Databases searchable maintained on cloud for access from any device anywhere at any time .

EACH institution will have its OWN databases & can share if it so wishes with others :-

Needy Database Each Institution has its own needy database tagged with type of Aid with all related info incl payment evidences

Donor database: Each Institution has its own Donor database

Verifiers/ Validators databases are maintained

Aid delivery partners/ Facilitator /Religious institutions, Schools , Clinics etc databases which participate in Aid delivery

6. Recordkeeping /Reporting

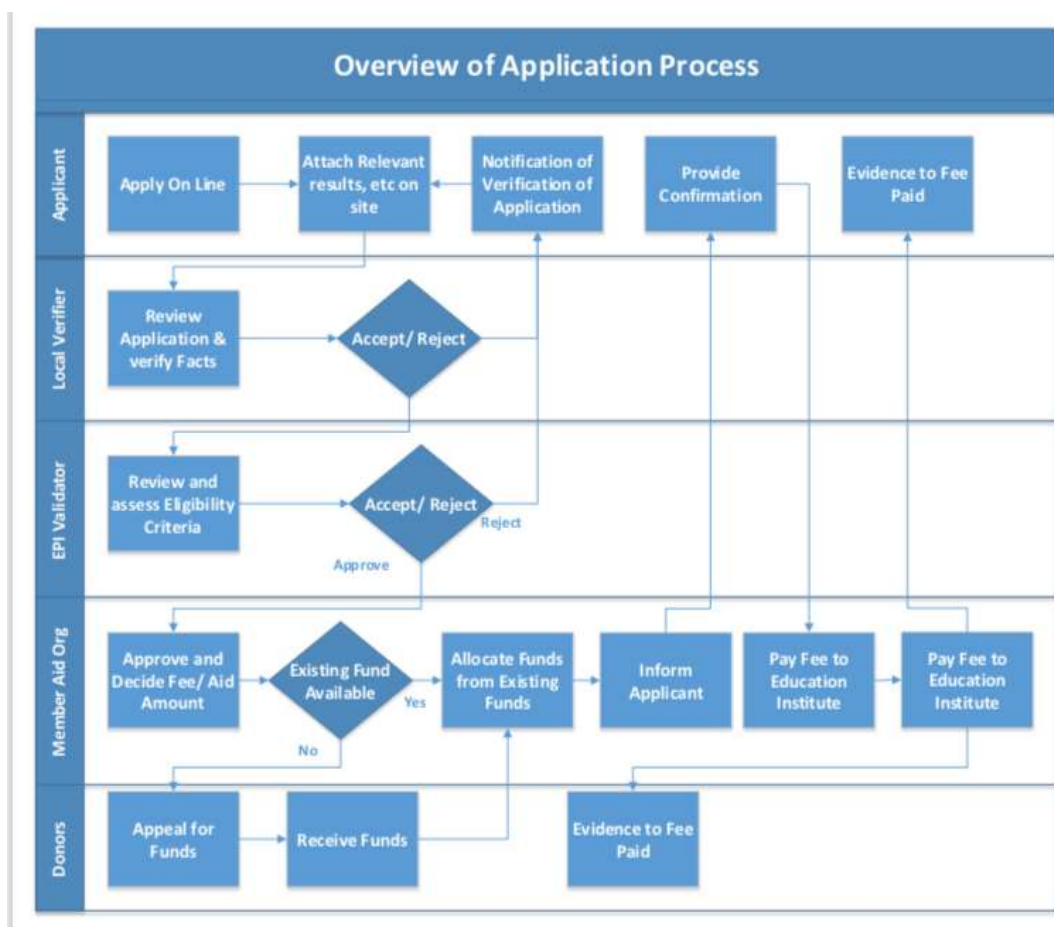

All record keeping is done by system & effort to maintain records by institutions & provide them for governance is drastically reduced

Institution can require Needy Applicant to upload docs eg. exam results , required periodically through his own login or by sending to Institution data admin contact point

All reports /xl downloads are easy to get with different permutations & combinations of variables ie aid type /donor .dates etc can be provided,

7. Confidentiality is maintained & the cloud platform has a secure database under the management & control of Fahm technologies a Momin venture providing the platform

The future possibilities are many & the system can be refined for each institution

A simple cloud software QaimAid.com is available or another can be made to facilitate collecting of Needy data easily via smartphone/ facilitators, its verification on eligibility and payment of fee direct to school and providing fee receipt evidence.

Best Student Aid

QaimAID

MANAGE AID SOFTWARE

one10.net
CODESTER

<https://www.qaimaid.com>

A Platform
facilitating trust between
Aid Institutions, Donors and Needy.

INSTITUTIONS

Effective and productive user-friendly application tools for managing Donor / Needy data for transparency and information access with the press of a button.

DONORS

View all donations made or potential donation requests, watch the progress of donations made, and much more.

STUDENTS

Database of significant persons in need, donation request application, donations made, progress report, indexed and searchable.

MANAGE STUDENT AID WITH US!!!

QaimAID is a modern and dynamic solution for connecting and engaging with charitable organisations and the needy. A platform for transforming your traditional charity practice into a digital one. It provides you with a Software as a Service solution for managing your day-to-day needs and donor activities, as well as tracking the flow of funds.

- ✓ Registration of students (one time)
- ✓ Student Application (requested each year by student using any smart device eg. Mobile)
- ✓ Verification of the Applicant / Application (has the ability to check and record remark)
- ✓ If necessary, add/allocate any donor code to the applicant profile.
- ✓ Partner pays the fees and uploads evidence to the student's record.
- ✓ View, print, or download student data and reports to Excel in any combination or permutation (location, sadaat, Age, Gender etc)
