

**TAHA FOUNDATION**

Lucknow-India

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

The logo for TAHA is a blue rectangular box with the word "TAHA" written in white, serif, uppercase letters.

TAHA

A registered non-profit organization in India, operating with a commitment to transparency and professional management. The organization's overarching mission revolves around unlocking the untapped potential of underprivileged and vulnerable segments of Indian society.

Taha Foundation achieves this by establishing educational and healthcare centers and implementing initiatives that foster personal growth, moral development, and empowerment

## **OUR EXISTING PROJECTS**

**2- Taha Charitable Polyclinic**

**3- Monthly Magazine Maryam**

**4- Publication**

# taha

SCHOOL

a Taha Foundation initiative

- **Established in 2018-19**
- With a vision of quality education to under-privileged Children.
- **Started with 83 Students.**
- **Current Strength 453**

- Islam has emphasized a lot on education and knowledge.
- We also read in traditions that “education is mandatory for every Muslim and Muslima.”
- The period of acquiring knowledge is defined from “cradle to grave” in the tradition which means that this chain of acquiring knowledge cannot be broken in any given period of life.
- On the other hand, nations, communities and societies can flourish only in the backdrop of education and knowledge.

# THE DOWNFALL OF COMMUNITIES

The downfall of a community starts from the very moment when Allah Subhanahu deprives it from the treasure of knowledge. Contrarily, any society keeps marching ahead and touching new heights when it grabs knowledge and human characteristics with both hands.

Taha Foundation felt closely this need of the hour and giving top priority to this religious and human need decided to sit down, discuss, work, plan and do whatever it can.

Keeping above mentioned factor in mind, Taha School was established in 2018 where best academic education is being provided with Islamic Environment and etiquettes.

# DOWNFALL

# Taha School is running with following highlights:

- 1- Amazingly low fee structure.
- 2- Teachers' training on a regular basis.
- 3- Free education to financially poor students.
- 4- An English medium school with ICSE curriculum.
- 5- Specifically and separately designed Islamic classes (Deeniyat) to provide the students with both types of educations i.e. Academic and Islamic under one roof.

## VISION

To develop a strong society by imparting quality education through values and virtues.

## MISSION

Taha School aims to impart quality education to the children by nurturing them in a value-based environment.  
Taha School fosters the development of mind using instructions and activities to promote and nurture integrity, empathy and kindness.

Alhamdulillah, Taha School has stood tall for all these years and garnered appreciation from the community resulting 453 students studying from Playgroup to Class VIII.

## OBSTACLES

- Lack of space for classes.
- No playground.
- Situated in a very congested and dense-populated area where lanes and by-lanes are too narrow

- Admissions of Around **300 children** were refused due to lack of space in 2024-25

**Fun and Learn Environment**

**Experienced Teachers**

**Activity based Education**

# Teacher's Training Program

Teacher's Training is an ongoing process at Taha School. We believe that upgrading our teaching staff is a must to improve the teaching methods and methodology.

# A Workshop for Teachers

# IFP Training for Teachers

# Deeniyat Classes

## Deeniyat Classes: The Highlight of Taha School

Deeniyat classes are religious education sessions at Taha School that focus on Islamic teachings, values, and practices.

These classes are integrated into our co-curricular program to supplement students' academic learning with spiritual and holistic growth.

### Curriculum

Quran

Theology

Hadith

Akhlaq

Ahkam

The curriculum is designed to be age-appropriate and engaging for students at different grade levels.

**The last period of each day and all Saturdays are fixed for Deeniyat Classes.**

# VISTA

Annual Day

# Sports Day

# Exhibition

***Taha  
Polyclinic***

# TAHA POLYCLINIC

Islam, a religion of peace, love, and mercy, has placed great emphasis on the proper care and treatment of the patients. The merciful and generous conduct of our prophets with the ailing humans inspire and guide us. The significant contribution of Muslim medical scientists in the field is also a testimony that as a Muslim we cannot remain unconcerned on the agony of diseases suffered by the masses.

Although there are innumerable hospitals and medical centres spread all over the place but still the poor and have-not of our society have to struggle to get a proper medical care.

Keeping this suffering indigent class in mind, Taha Foundation has taken a small but significant step to establish a charitable polyclinic on 13th Rajab, 2016 on the auspicious occasion of the birth anniversary of Imam Ali (a).

The aim of the Taha Polyclinic is to make quality health care available to poor. The running of any polyclinic requires many skills and resources. The Taha Foundation makes all efforts to arrange the best services available in the Polyclinic with minimum affordable prize for poor people.

Despite lot of efforts, still a lot such as medicines and the provision of medical tests remains for which more resources in terms of economic aid are required.

**5,000**  
Patients *Monthly Approx.*

Treatment  
**Rs. 10/Day**

Taha Polyclinic is currently running with following doctors

**General Physician**

Dr. Aley Mohammad (BUMS, RCMS)

**Eye specialist**

Dr. S. Naqvi (MBBS, MD)

Dr. Nadeem Ahmad (MBBS, MS)

**Gynaecologist**

Dr. Fatima (MBBS)

**Dentist**

Dr. Rumana Tahir (BDS)
